PARTS STORAGE EQUIPMENT

ONE SOLUTION FOR A MULTITUDE OF APPLICATIONS

We offer a **complete and integrated storage solution** for your parts, **no matter what shape or size they are**. Our **drawers in shelving** system, specialized racks (for **moldings, bumpers, exhaust pipes, tires, etc.**), and our **workstation** system are all adapted to the realities of the automotive industry.

Bobby Rahal Toyota - Parts Equipment (PA)

With Rousseau solutions, you can save a considerable amount of space while **increasing the productivity** of your employees.

The strength of our system is that it adapts to your environment and evolves with your needs.

With the numerous dimensions and accessories offered, you can **create your own customized layout** to complement the structure of your building.

DRAWERS IN SHELVING

Rousseau drawers are the **ideal solution for storing small parts and high-turnover items**.

With this system, a wide variety of parts can be stored and readily accessible while maximizing use of available space.

This decreases the amount of time finding your parts, so you also **save valuable time**.

Jim Pattison Lexus Northshore - Parts Equipment (BC)

Rousseau drawers add value to your existing equipment:

- More parts stored in the same space
- Less time spent searching for parts
- Less time your mechanics spend waiting at the service counter
- More time for vehicle maintenance
- More time for your customers!

They can be installed in more than **35 brands of shelving on the market**.

SERVICE STORAGE EQUIPMENT

IT'S ALL IN THE DETAILS

Choose Rousseau workcenters for the quality, versatility and small details that make all the difference in your day-to-day work.

Our cutting-edge technology enables us to offer the highest quality products in terms of concept, manufacturing and finishing, while also ensuring that **modularity, design and personalized requirements are never compromised.**

Our tool box stands out as an exceptional product, completely different from anything else you have used. Those who give them a try end up adopting them for life!

A COMPLETE SOLUTION

We have the solution, whether you are looking for a basic workbench with a little or a lot of storage space, or a more comprehensive workcenter with integrated lift motor controls, IT equipment, reels, and many more options.

We have thought of all the small details so that everything you need can be fully integrated into the workcenter: MultiTek cart, waste containers, hanging panels and power feed panels to name but a few.
